

Maria,

DiCecco has catered both large and small events for me. She has done fundraisers and private parties, rehearsal dinner and mixers at work, always providing superb service. The employees she has are friendly, polite and extremely accommodating. The planning process is easy because I can say, "Maria, I have 30 people, please take care of it". The presentation of the food is creative and beautifully done. I always know the event will be a great success if Celebrated Occasions is on the job.
